

Residents of Harbor Island Apartments, 370 E. Harmon, are starting out the school year prepared because of Advanced Management Group's school supply give-a-way. Pictured: (parent & kid) and AMG president Bret Holmes fill a new backpack with pens, paper, folders and other necessities. The supplies were made available in part through the generosity of a \$1000 donation from Spring Mountain and Rainbow Target. AMG, a property management company, also conducted the school supply give-a-way at its other Valley apartment complexes. "We saw a need among our residents and we wanted to help; it's as simple as that," said Holmes.
